Abstract: The United States Department of Education will collect data through the National Student Loan Data System (NSLDS) from Federal Perkins Loan holders (institutions or their servicers) and Guaranty Agencies (GA) about Federal Perkins, Federal Family Education, and William D. Ford Direct Student Loans to be used to manage the federal student loan programs, develop policy, and determine eligibility for programs under title IV of the Higher Education Act of 1965, as amended (HEA). NSLDS also holds data about Federal Grants, including Pell Grants, Academic Competitiveness Grants (ACG), National Science and Mathematics Access to Retain Talent (SMART) and Teacher Education Assistance for College and Higher Education (TEACH) Grants. NSLDS is used for research, policy analysis, monitoring student enrollment, calculating default rates, monitoring program participants and verifying student aid eligibility. This is a request for an extension to the current information collection 1845-0035 based on a decrease in the number of participants providing information to the system.
